Project management, marketing, preparation of contracts and invoices, setting up and management of office accounts, application for business loans, arrangement of professional and business insurance, purchase of equipment and furniture, office and drafting standards, computer systems management.

Redevelopment Projects for Near South Side

Fort Worth, Texas 1996 to 1998

The near southside of Fort Worth is a large, older section of the city poised for revitalization. BASS/HUCABY ARCHITECTS provided planning and architectural services to area planners and developers, implementing adaptive reuse, new urbanism and sustainable architecture concepts. Sample projects include:

ArtSpace Texas - Renovation of a 1909, 5-story, Gothic brick building for an artist coop, including apartments, artists' studios and community facilities.

Modern Drug Redevelopment - planned, mixed-use development involving 15,000 sf of historic adaptive reuse and 40,000 sf of new construction.

Old Fire Station No 5 - adaptive reuse of a turn-of-the-century building for an audio-visual studio.

Newkirk-Wallerick Building - adaptive reuse of a 1920's structure for offices.

New Commercial Building - speculative office building.

Halbach Dietz Architects
Fort Worth, Texas
November 1992 to March 1995

Additions and Alterations for the Offices of Marketing Management Inc

Fort Worth, Texas 1994

Design and Construction documentation for a two-story addition and renovated entry of an office building.

Branch Bank Facilities for Bank One
